Artist in Residence / Teacher in Residence Application

The US Forest Service, in partnership with the non-profit Angeles Volunteer Association, as a service to the public, strives to create links among the arts community, public lands, forest visitors, and natural resources. This is accomplished with the support of local Forest Service cooperators who provide space for creative projects, including works that are community-oriented. Artists and teachers selected will receive a one or two week residency in a cabin or campsite in the forest, based on space availability. Applications are open to all artists or teachers working in any variety of media, with a particular focus on outdoor-themed or nature-inspired work.

Applications are accepted each winter, and notifications are made in spring. Residencies for those selected are usually scheduled in summer on a first-come, first-served basis. Safety orientation is mandatory and held prior to summer. Applications, whether submitted online or by hard copy to the address above (Attn: Artist in Residence Coordinator), must be received by the announced deadline. Alternately, applications may be emailed with active links to existing works or sent as attachments (5MB total max) to angeles.crest@yahoo.com. Please assemble one packet of the following (collated and stapled/clipped):

1. Application pdf (this document's second page)
2. One or two page resume summarizing creative works, exhibitions, awards, etc.
3. A listing of titles of submitted images, including actual sizes and the media used
4. A 1-page statement describing:
 - a. What you hope to achieve from a residency
 - b. How you would spend your time in the forest
 - c. How you would share your work or talents with the community during or following your residency (i.e. open house, campfire talk, group show)
 - d. Your ability to work in a rustic setting
5. Include samples of your work (identified with your name and address) as follows:
 - e. Visual artists: One set of 6 digital images on CD. Images must be saved as minimum 72 dpi jpg, no larger than 1440 X 960 pixels in size. Or email images as *.jpg
